4. NEW BUSINESS - ACTION/DISCUSSION ITEMS

- 4.1 MOTION TO RECOMMEND TO TOWN COUNCIL \$2,880.00 FOR LINERS FOR THE OUTDOOR ICE RINK.

B. Foley discussed the ice skating rink and liners. He would like to get a supply for future replacements due to potential damage that can be caused by sticks, pucks and wear and tear. He would like to purchase 4 liners which could last up to 10 years. He noted that damage could be minimized if we were to limit the use of the rinks to not use hockey sticks and pucks, but feels that it would not be recommended since there is so much use for this purpose by the public.

B. Foley motioned to recommend to Town Council the use of ARPA funding of \$2,880.00 for liners for the outdoor ice rink. Motion was seconded by VC. Marie. Motion carried unanimously.

- 4.2 MOTION TO RECOMMEND TO TOWN COUNCIL \$5,997.99 FOR A WATER FOUNTAIN AT CRANDALL PARK.

B. Foley discussed the Crandall Park and water quality. He wants to encourage the public to enjoy the use of the park. The Public Works department has made several improvements to Crandall Park, including ADA walkway improvements, weed removal, etc. A water fountain aerator would improve the water quality and also make the park more esthetic for the public's enjoyment. VC Marie asked about the location. B. Foley said that it would be located within the pond and the exact location is still to be determined. C. Yudichak questioned about the future maintenance costs. B. Foley stated that in his discussions with the Public Works Director that the maintenance would be minimal.

B. Foley motioned to recommend to Town Council \$5,997.99 for a water aerator fountain at Crandall Park. Seconded by VC Marie. Motion carried unanimously.

- 4.3 MOTION TO CANCEL THE MAY 23, 2024 ARPA MEETING.

B. Foley motioned to cancel the May 23, 2024 meeting. Seconded by VC Marie. Motion carried unanimously.

5. OLD BUSINESS - ACTION/DISCUSSION ITEMS

5.1 REVIEW OF THE SPREADSHEET

The spreadsheet was discussed the status of the various projects. The used grader has been purchased and the various maintenance items have been completed. There will be funds returned and the balance will be updated once the final bills are paid. The engineer has begun work for the Parks facilities garage and an environmental review is also in process. The project is moving along.

6. ADJOURNMENT

B. Foley motioned to adjourn at 4:55 pm. Seconded by VC Marie. Motion carried unanimously.

5/31/2023	Restore cuts in public services caused by pandemic induced revenue losses and avoid additional cuts	Adam's Adventure needs a few repairs/replacement pieces. Currently we have wear under the swings on the turf like material from children dragging their feet while swinging/stopping. Also, three panels no longer work and were donated by an engineering class at UConn which are non-replaceable due to the fact they are not from a playground vendor. I have talked to Adam's mother in regards to the suggested play panels that need to be replaced, and she had no problem with the suggest play equipment. I am requesting \$12,000 for the equipment need. FINAL COST 7337.93 balance returned to ARPA	Bruce Watt	Yes	No		7/12/2023	Yes	12,000.00	7,337.93	Yes	7,337.93	2,022,201.45	Complete

11/15/2023	Restore cuts in public services caused by pandemic induced revenue losses and avoid additional cuts	For the current Fiscal Year, we budgeted \$60,000.00 for the replacement of the Highway Garage Generator and \$20,000.00 to retrofit the used generator from the Senior Center to provide emergency power to the Parks & Facilities Garage. The Proposal for the Highway Generator came in at \$63,173.00 and the Parks Generator came in at \$52,573.00 leaving us negative by \$35,746.00. The Contractor that we use to service our generator's said that he would like to take the Senior Center Generator to his shop to go through it to be sure that it is in good working order before they install it, which will probably cost us \$1,500.00 - \$2,000.00 for that service. In total we will be short \$37,746.00 for this Project. I would like to request that \$40,000.00 be funded through ARPA funds to cover these shortages. If this is not an acceptable option, I would like to create an additional request through our Capital Equipment Budget for the upcoming year to cover this shortage. Thank you for your consideration. Charged directly to ARPA Fund.	Scott Lappen	Yes	no		1/9/2024	Yes	40,000.00	40,000.00	yes		1,227,010.00	In Progress

10/26/2023	Restore cuts in public services caused by pandemic induced revenue losses and avoid additional cuts	Parks Facility Improvements - FY 24-25 CIP Request - Council approved up to \$1.2 Million. On 2/6/24 only \$1,114,226.86 was available. As projects close with any savings they will be added to the project up to the \$1.2 M amount. The project may not require the full appropriation but this is unknown until the project gets completed. 20500072-777401-2238	Lisa Hancock	Yes	no		2/6/2024	Yes	1,200,000.00	1,114,226.86	yes for Russo		63,017.09	Not Started
3/12/2024	Restore cuts in public services caused by pandemic induced revenue losses and avoid additional cuts	request for 4 new liners for the outdoor ice rink previously purchased through ARPA funds. 3/28/2024	Restore cuts in public services caused by pandemic induced revenue losses and avoid additional cuts	Bruce Watt is requesting a water fountain to be installed at Crandall Pond. The Eco Series Floating Fountain showcases beautiful industry-leading spray patterns that outmatch other 3/4 HP and 1 HP fountains. The EcoSeries fountain operates in as little as 24" of depth. It includes an energy-efficient 1/2 HP motor, three spray patterns and a control panel. The amount requested is \$5,997.99. The items are as follows: Airmax EcoSeries .5HP Fountain - 3 pattern with control panel \$1,995; Powercord for Airmax EcoSeries .5 HP Fountain - 400 foot. \$2,352.99; and Estimated Electrical work \$1,650.00 (Rockvern)	Bruce Watt	Yes	No		5/28/2024		5,997.99	5,997.99	yes	5,997.99	54,139.10	Complete

5/31/2023	Restore cuts in public services caused by pandemic induced revenue losses and avoid additional cuts	Three street lights added to the green. Request from historical district commission. Cost estimate includes quoted cost of \$14,400 from Rockvern Electric for matching lights and \$2,600 for a potential contingency/price increase. On hold until green sidewalks move on. Lights have been purchased with Town funds but not installed.	Jodi Coleman-Marzialo	No Vote					17,000.00					Not Considered Yet
6/12/2023	Restore cuts in public services caused by pandemic induced revenue losses and avoid additional cuts	ADA Pathway to the solar powered-table and meeting spot for patrons to charge devices and sit outside. It is a nice spot for the table, however there's no clear accessible walkway to the table. It would be good to create an ADA path to it, and I expect it would be low-cost as it is maybe 20 feet at most from the sidewalk near the entrance to Town Hall lower lot. 	Respond to the pandemic and its negative economic impacts (includes Public Health)	I'm contacting you as advised by the CT. SBA. I have been working with them for launching a new Tolland-based business and our launch plans have been derailed due to the extreme changes in costs for manufacturing, packaging and card stock as a result of all covid related changes, including the supply chain back-ups. Therefore, I'd like to inquire about what Tolland funds might be available for Tolland based businesses this year or early next year based upon the municipal \$ provided by the ARP in 2021, 2022. 3/2/2023	Restore cuts in public services caused by pandemic induced revenue losses and avoid additional cuts	On behalf of the Tolland Soccer Club, I would like to respectfully request considering using a portion of the remaining ARPA funds to install field lighting on the three soccer fields at Cross Farms. As not only the premier facility in town but also one of the top facilities in the state, this would further enhance the fields and expand their usage. Particularly during the fall season when the days get very short very quickly, it is difficult to schedule full practices for our teams. Not only would this allow full practices, but allow us to hold practices for multiple teams each night on the same field, helping to resolve our field shortage. In addition, it would also allow for night games. If the Town would fund the initial capital investment to install the lighting, the Club would pay for the annual electricity expense and contribute to the maintenance of the lights. This is a successful model that we currently use for both the lights at Crandall's Park and the irrigation systems. By doing so, we would significantly limit the recurring expense to the Town as it would be borne by the Club. Maybe also consider LED replacement project in CIP for Crandall Park and lighting for the other ball fields. (\$950,000 is only for soccer fields plus contingency)	Tolland Soccer Club: David Garritt	No Vote	Yes	Yes				950,000.00				Cancelled
