| 3/2/2023 | Restore cuts in public services caused by pandemic induced revenue losses and avoid additional cuts | On behalf of the Tolland Soccer Club, I would like to respectfully request considering using a portion of the remaining ARPA funds to install field lighting on the three soccer fields at Cross Farms. As not only the premier facility in town but also one of the top facilities in the state, this would further enhance the fields and expand their usage. Particularly during the fall season when the days get very short very quickly, it is difficult to schedule full practices for our teams. Not only would this allow full practices, but allow us to hold practices for multiple teams each night on the same field, helping to resolve our field shortage. In addition, it would also allow for night games. If the Town would fund the initial capital investment to install the lighting, the Club would pay for the annual electricity expense and contribute to the maintenance of the lights. This is a successful model that we currently use for both the lights at Crandall's Park and the irrigation systems. By doing so, we would significantly limit the recurring expense to the Town as it would be borne by the Club. Maybe also consider LED replacement project in CIP for Crandall Park and lighting for the other ball fields. (\$950,000 is only for soccer fields plus contingency) | Tolland Soccer Club: David Garritt | No Vote | Yes | Yes | | | | | | | | | | | | | 950,000.00 | Not Considered Yet |
| 5/31/2023 | Restore cuts in public services caused by pandemic induced revenue losses and avoid additional cuts | Three street lights added to the green. Request from historical district commission. Cost estimate includes quoted cost of \$14,400 from Rockvern Electric for matching lights and \$2,600 for a potential contingency/price increase. On hold until green sidewalks move on. | Jodi Coleman-Marzialo | | | | | | | | | | | | | | | | 17,000.00 | Not Considered Yet |
| 6/12/2023 | Restore cuts in public services caused by pandemic induced revenue losses and avoid additional cuts | ADA Pathway to the solar powered-table and meeting spot for patrons to charge devices and sit outside. It is a nice spot for the table, however there's no clear accessible walkway to the table. It would be good to create an ADA path to it, and I expect it would be low-cost as it is maybe 20 feet at most from the sidewalk near the entrance to Town Hall lower lot. | Steve Jones | | Yes | | | | | | | | | | | | | | | Not Considered Yet |

| | Respond to the pandemic and its negative economic impacts (includes Public Health) | I'm contacting you as advised by the CT. SBA. I have been working with them for launching an new Tolland-based business and our launch plans have been derailed due to the extreme changes in costs for manufacturing, packaging and card stock as a result of all covid related changes, including the supply chain back-ups. Therefore, I'd like to inquire about what Tolland funds might be available for Tolland based businesses this year or early next year based upon the municipal \$ provided by the ARP in 2021, 2022. | Hollie Barnas holliebarnas@gmail.com | No Vote | Yes | yes | No does not fall under revenue loss rule | | 25,000.00 | | | | Cancelled |
